UNFORTUNATE TRAVELER

Robbed, Thrown from Train and Hit by Electric Car.

An unknown colored man was struck by an electric car at Tontogany late Tuesday evening, while sitting in a comatose condition on the tracks. He was rushed to Dr. Bickerstaff's office where his condition was found to be serious and thence taken to the hospital at Toledo, says the Sentinel.

The man's identity is unknown here, but this is the second time within three days that he has suffered violent injury. He had been hanging around Tontogany for a couple of days, when, last Sunday, he boarded a freight train in an effort to get further on his way. He fell in with other tramps in a box car, who robbed him of \$36, beat him up badly and threw him out of the car on the right of way three miles north of Tontogany.

He was picked up near the Gill church and was taken to the home of Herbert Gill, as soon as discovered. He did not regain consciousness until Monday, when he told the story of the assault. He said that he would not be able to identify any of his assailants.

His wounds were dressed and he said that he would take the electric car into Toledo. The next known of him was when he had been injured the second time. The assumption is that he had overestimated his strength when leaving the Gill place and that he lapsed into a fainting condition about the time that he reached the tracks.

"FOR GOD'S SAKE

DO SOMETHING."

We have answered this cry in our new book "Fighting the Traffic in Young Girls," by Earnest A. Bell, U. S. District Attorney Sims and others. The most sensational indictment of the White Slave Trade ever published. It tells how thousands of young girls are lured from their homes annually and sold into a life of shame. The Cincinnati Enquirer says "Of all the books of the season the War on the White Slave Trade is the most helpful; it should be read by every man, woman and child." Agents are making from \$8 to \$17 a day selling this book. Over 500 pages. Many pictures. Price \$1.50. Best terms to agents. Outfit free. Send 15c for forwarding charges. Book sent to any address post paid upon receipt of price. Address, James E. Sharkey, Sec'y., 123 Plymouth Court, Chicago. 14d

BADLY INJURED

By Being Run Over by Heavy Farm Wagon.

William Schroeder, living near LeMoine, was badly injured Friday afternoon, and was unconscious for several hours after the accident, but it is thought he will get along all right now.

He was driving home from Stony Ridge about five o'clock in the afternoon, when his team became frightened and ran away. He was thrown forward out of the wagon and the heavy vehicle passed over his body.

He was picked up in an unconscious condition and conveyed to the office of Dr. Wm. Price in Stony Ridge. After he had regained consciousness he was taken to his own home.

EVERY QUAIL

Worth its Weight in Gold to the Farmer.

From statistics compiled after thousands of Bob White examinations, it is estimated that each bird consumes one-half an ounce of weed seed daily from September 1 to April 1. If we estimate that there are four quail to each square mile of farm land in Ohio, then each year they destroy in this state about 640 tons of weed seed—enough weeds to smother 30,000 acres of wheat.

From June till September Bob White's meal consists of one-third insects to two-thirds seeds. It is really remarkable with what precision he picks out those insects which are the worst foes of human food. The list contains the most superlatively destructive crop and garden pests of North America. The chinch bug, cotton worm, Mexican cotton boll weevil, army worm, potato bug, cucumber beetle, bean leaf beetle and several species of grasshoppers. It is probably the most efficient enemy known of the potato bug.

Over 100 potato bugs have been found in a single bird. Wire worms and many other noxious pests are also eaten when found cut-worms for example being eagerly devoured. The stomachs are often packed with insects. They probably kill 50 to 100 grasshoppers apiece each day. As one great authority says, "Every quail is worth its weight in gold to the nation."

Henry Bartell, a farmer living near Millbury, died Thursday morning from appendicitis. He was aged 25 years. His loss is deeply felt as he was a man whom everybody loved and respected. The funeral was held Friday at Millbury, Rev. H. Spangenberg officiating.

AUTO TURNS OVER

Mix-up in Which Will Powell Receives Broken Leg.

Last Monday evening while "Sam" Krauss was driving his auto near Rossford, he was overtaken by a machine driven by Mr. Chapman of Toledo.

According to Mr. Krauss' account of the accident, Mr. Chapman turned out to pass him and after getting by swung back into the road immediately in front of his machine. In order to avoid a collision, Mr. Krauss was compelled to swing his auto quickly to one side, which caused it to turn partly over. Mr. Will Powell, who was riding with Mr. Krauss, in some manner sustained a fracture of the leg just above the ankle. Mr. Chapman immediately stopped his machine and came to their aid, taking Mr. Powell to Dr. Ordway's office in Toledo, where the fracture was reduced.

The damage to Mr. Krauss' machine was very small, consisting of a broken fender and lamp and a few minor breaks and he was able to drive to Toledo for repairs.

ANOTHER JUNE WEDDING.

On Thursday evening, June 23, occurred the marriage of Lester Snyder of this village, to Miss Faye Rectenwal of Maumee. Mr. Snyder is one of Perryburg's best known young people, while Miss Rectenwal is a popular young lady in her home town. The young people will reside in the home which they have prepared, on the corner of 3d and Locust streets.

On Monday evening several of their friends gathered at the home of Mr. Snyder and gave them a miscellaneous shower, at which time they were the recipients of many useful presents.

THEY GET REVENGE

Wolverines Turn Tables on Perryburg Ball Team.

The Wolverines got sweet revenge last Sunday on the Perryburg ball team, for the thirteen-inning defeat which they received the Sunday before.

Baetschi and Divins were the pitchers and neither one seemed to be very effective. Perryburg got 6 hits and 6 runs and the Wolverines 9 hits and 8 runs, five of the Wolverines' hits being for extra bases.

Divins had a poor spell in the third, when 4 hits were made off him, three of them for two bases, which resulted in 4 runs.

Midget Reis was in the game to some extent. In five times at bat he was credited with a base on balls, a single, a double and three of the scores.

Snyder had a couple of errors charged against him in the first inning, but it had no bad result as they failed to score, and he redeemed himself by getting two hits and a score.

Some "bone-head" playing assisted materially in the defeat of the Perryburg team.

A benefit dance is to be given for the ball team at the town hall on Thursday, June 23. Come out and have a good time and help the boys.

Roachton defeated the Ohio Building team on their home grounds last Sunday, in a well played game, by a score of 4 to 6.

Sunday was the poorest game that Divins has pitched since he joined the team. They all have an off day some times.

Divins struck out 9 and Baetschi 8. Divins gave no bases on balls, while Baetschi donated 3 times.

The Wolverines will play the deciding game on the Fourth.

Midget Reis did some remarkable base running. In the first inning he got a base on balls, stole second and third and came home on an infield out.

We understand that some changes will be made in the Perryburg line-up before the next game.

The Perryburg Juniors were defeated by a score of 6 to 3 by the Moose of Toledo, on the home grounds last Sunday.

The Colts, formerly the Tigers, have won a game at last. They defeated Monclova Sunday by a score of 23 to 12. As may be imagined by the score, the stick work of the Perryburg team was the feature.

Jerry's Outlaws had the temerity to again tackle the Ironville team on the Ironville grounds last Sunday. "Jerry" was so sure of winning that he put up a little piece of change on the result and let "the other fellow" hold the stakes. Jerry had the money won all right until the ninth inning, with the score 11 to 15, all in his favor, when the umpire started to get in his work and was so rank that the Outlaws shouldered arms and started for home. The umpire declared the game forfeited and not only refused to turn over the side bet but declared they must pay their own expenses. And now they are sighing to get Ironville to play in Perryburg.

Will Charles of the city league, pitched for the Outlaws Sunday, but the boys claim that even the Detroit Americans could not have won from the Ironville team with the kind of umpiring they had to contend with.

Divins has decided to quit ball playing for the present, and has notified Manager Hahn to that effect. Divins is a nice clean ball player and a gentleman both on and off the field. He has many friends among the fans who will regret to see him leave the team.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by C. P. Champney.

COURT HOUSE CULLINGS

Two Judges Busy in Common Pleas Court this Week.

Court opened Monday morning with Judge W. F. Duncan of Findlay on the bench, in the absence of Judge Baldwin, who is now in England.

Judge Schofield of Marion, is also here and both Judges have been busy and there will be much business done from now until the first week in July.

Lucinda A. Pamkhurst fought Benjamin W. Wood through the justice court of L. D. Arnold in Henry township in an effort to replevin two mares and quantity of other harness, but lost there. Unsatisfied, she has brought the case up on a transcript and appeal and asks in addition to the return of the property, which she claims is hers, damages in an amount not specified.

Clothing Merchant Sued.

Meron C. Sherman, the well known clothier and dry goods merchant of North Baltimore, is defendant in an action brought by Alexander & Harris, an Empire state wholesale corporation, against him for the sum of \$188.00. The plaintiffs claim that Sherman bought goods of them to that value and has refused or failed at least to pay for them.

Wants to Evict Leases

George Brownell vs. Henry Grafe et al. exists because, according to the contentions of the plaintiff in his petition filed Monday with the clerk of the court of common pleas, he gave the defendants an oil and mining lease on his 119 acres in Bloom township, and he has never been able to get them to comply with the terms of the contract they entered into. He asks for a dissolving of the lease and the clearing of his title to the land involved.

Albert Heyman, who says that he owns a farm in the township of Weston, has appealed to the common pleas court from a decision of Justice Robinson of Grand Rapids township, in a case tried there between him and G. Washington Stacker et al. Heyman says that the defendants hauled twenty-one loads of manure off his place, valued at \$36, and that he has never been able to collect a cent from them.

Charles H. Soles is the owner of twenty acres of land in Montgomery township. He sues Emma J. Dunn, the widow and sole heir of Frank Dunn, alleging that she claims to have an equity in this land, due to certain mortgages executed to the latter in his lifetime. Soles says that he has paid off all this indebtedness and that his title should be quieted.
